PUBLISHED BY
THE CLASS OF 1970
NEW BEDFORD VOCATIONAL HIGH SCHOOL

FOREWORD

The Class of 1970 wishes to express our sincere thanks to New Bedford Vocational High School for all it has given us.

On the following pages is a visualized part of the four years of one special group of young people. This small portion of our lives will play a very important role in the years to come.

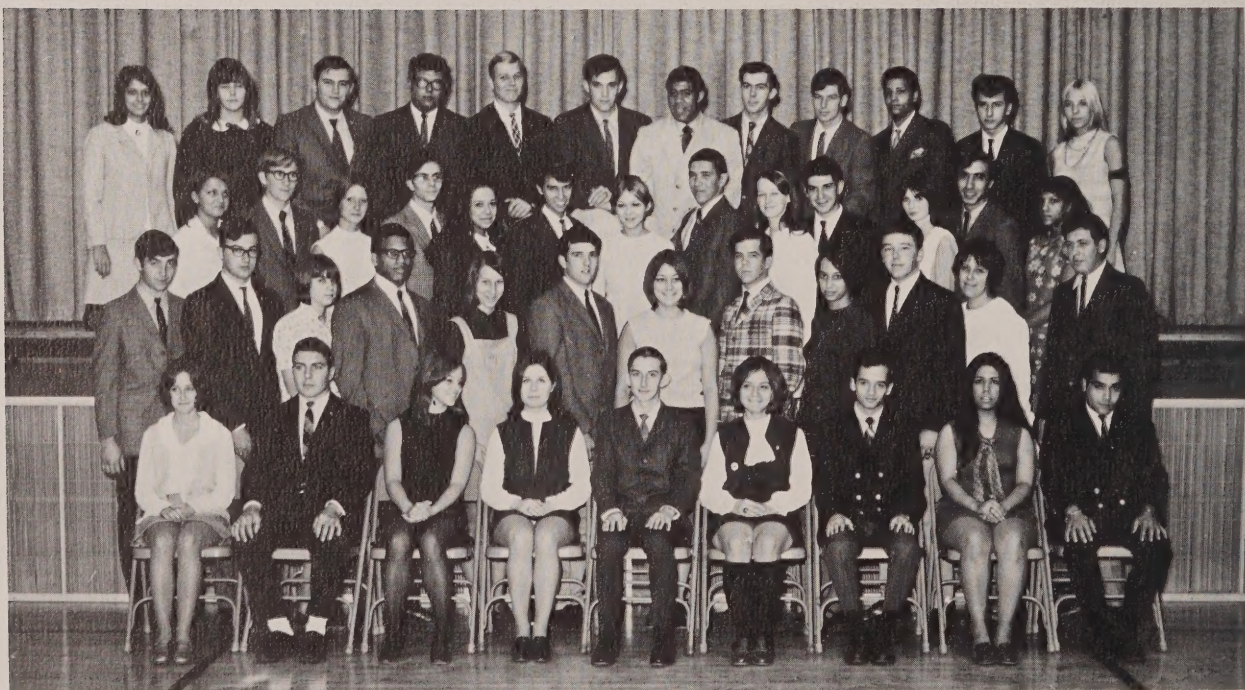

In only four short years, so much has been achieved and accomplished. We have gained not only knowledge but the ability to use this knowledge in everyday life. The various shops and classes taught us skills which will be vital in the future.

Through outstanding instructors and their wise counseling, we now realize what our full potential may be.

To Mr. Janiak, the faculty, and all who have made these four years possible, we express our deepest appreciation.

Z. WALTER JANIAK, Director

One of the urgent needs in today's society is responsible leadership. This type of leadership is not manifested by destructive acts of violence, power confrontations, name calling, disregard for law and order or for the rights of people and property.

Education cannot make us all leaders, but it can teach us which leader to follow.

Within this graduating class is a potential for responsible leadership far greater than is being demonstrated by students and faculties of too many of our institutions of "higher learning."

I would urge that, once established in your respective careers, you would involve yourselves in community affairs and problems. Give of yourselves. If change is needed, work for it, but work for it within the framework of a form of government never equalled in history.

You leave us with the proper attitudes and respect for the dignity of work and for your fellow man.

Congratulations on your fine accomplishments. I wish each of you a happy life and a successful career.

ALBERT C. WOBECKY, Assist. Director

Congratulations to the Class of '70 and best wishes in all future endeavors.

Albert C. Wobecky, Assistant Director

The Household Arts Program aims to make the girls at New Bedford Vocational High School good homemakers, enrich their minds, and prepare them for work or further education.

Two new programs were added to the Household Arts Department in September of 1969. Seniors may now choose to major in the Nursing or Nursery Program, instead of the general Household Arts Program.

In their sewing courses, students learn basic steps, and then advance to tailoring and smocking. Finally, they create their own graduation gowns.

By the senior year, most of the girls are accomplished cooks. They know how to shop for food and equipment, as well as how to cook and serve appetizing, balanced meals. They have all had experience serving a luncheon and putting on a buffet.

In addition, all girls study subjects which cover every aspect of homemaking, as well as chemistry, biology, English, art, mathematics, history, and a variety of electives.

By graduation, students are not only able to run a household successfully, but are also equipped to go out to work or to further their education.

NURSE AIDES

The Household Arts Nurses Aide Program was established this year for senior girls. At the end of the junior year, ten girls were chosen from applicants for the program.

On Tuesday mornings, girls participating wear white uniforms and shoes. They practice on each other basic techniques with which a nurse's aide should be familiar.

Every Wednesday, these girls go to St. Luke's Hospital (Schultz I and Bourne) to help the nurses. Trainees learn how to make beds, get patients out of bed, feed disabled patients, give bed pans, and take temperatures, pulse rates, and blood pressures.

The girls look forward to going to the hospital because it is fun meeting new people and making friends. They also feel satisfaction in seeing patients progress to better health.

Each of the aides is grateful to Mrs. Alice McCue for this challenging program, which furnishes the opportunity to learn and use invaluable skills and techniques.

CHILD CARE AIDES

*1st row L to R: Marjorie Church, Cynthia Golas, Marlene Costa, Joanne Malonson.
2nd row L to R: Bernice Renaud, Celeste Barrett, Mary McCarthy, Kathleen Landry, Christine Cavanaugh.*

The Nursery School course consists this year of nine girls who want to learn about children's behavioral patterns.

On Tuesdays and Wednesdays, three girls stay at the Vocational Nursery School, while the other girls go to Headstart, the New Bedford Center for the Mentally Retarded, the Concentrated Employment Program Day Care Center, and kindergartens at the Parker Street and Rodman Schools.

This enables these students to work in a variety of environments and under the supervision of different teachers. Trainees learn how to care for children and how youngsters see life. When they graduate, they are qualified nursery school aides, some of whom will use their training in nursery schools in the New Bedford area.

NURSERY

Fling-g-g! Up flies the shade as Mark slyly goes on his way. The children are very active, always jumping from one thing to another. We aides learn from these little "boppers," just as they learn from us.

Free play is a great time for everyone. At this time, some children are painting; red, green, blue, and orange are splattered everywhere, but little Jane assures us that it's her mommy with a beautiful hat! Not only paint, but bubbles and water are being made into imaginary cakes, pies, supper—you name it; you eat it!

A more serious activity is handiwork. The children learn colors, shapes, and how to express themselves, as well as how to follow directions.

Nursery school, as a whole, is really interesting. We see how the children react to many different situations, and we learn to understand and love our young charges. Crash! The blocks fell! Well, there goes Mark again!

Artisan football finally came alive. The 1969 Vocational High School football team turned in its most commendable performance in ten years. They won three out of the last four games including a sweep of the last two. Highlight of the season was thumping 20-6 victory over arch-rival Durfee High School. Highest scoring victory was a 56-26 drubbing of Tiverton H.S. Assistants John Risgin, Henry Cebula, William Constant, Douglas Johnson, and Head Coach Jeffrey Riley were pleased with the over-all performance of the team and the leadership displayed by all county co-captains, Michael Gomes and William Leahey. Also honored on many of the scribes all County Teams were Rico Ramos and Gary Pope.

The 1969-70 basketball season was deemed, by many, to be one of the finest for the Artisans of Vocational High. Yes, things really looked good for the "green wave." Players and fans alike were already thinking in terms of the post-season tournament held at Boston Garden.

Yet, the fate of the pre-season "favorite" of the Bristol County League remained somewhat questionable. Recuperating from severe knee injuries were perennial All-County Tommy Gomes and veteran Joe Delgado.

As the season progressed, however, Tom and Joe improved steadily with every game. This coupled with the fact that the "star cast" Mike Gomes, Ricco Ramos, Bob Desrosiers, Eddie Gomes and Gary Pope, and the "best players in a supporting role" Russell Monteiro, Albert Oliveira, Bob Nissen, and Mike Boswell doing an outstanding job, led one to believe that this, indeed, was going to be Voke's year.

Notwithstanding the early season loss to New Bedford High, the Artisans have been rolling along undefeated with half the season remaining to be played. Highlighting the first half of season play was the stunning victory over Durfee, which also marked, and in fine fashion, the return of Tommy Gomes and Delgado to the "hardwood scene."

As the second half of the season approaches, rest assured that the Artisans, under the competent direction of Head Coach Ed Lowney and his equally capable Assistant Coach, Terrence Gomes, will do their best to make Tech Tournament play a reality.

Among those who will be sorely missed when the Artisans take the floor for the upcoming 1970-71 season are Tommy "Gun" Gomes, Ricco "Rebound" Ramos, Russell "Rifle" Monteiro, Mike "Muscle" Gomes, and Albert "Arc" Oliveira.

BASEBALL

1st row L to R: S. Pelletier, R. McCarthy, P. Berube, M. Sherman, J. Knox, P. Bouchard, R. Mello, W. Hathaway (Co-Capt.), P. Rioux.

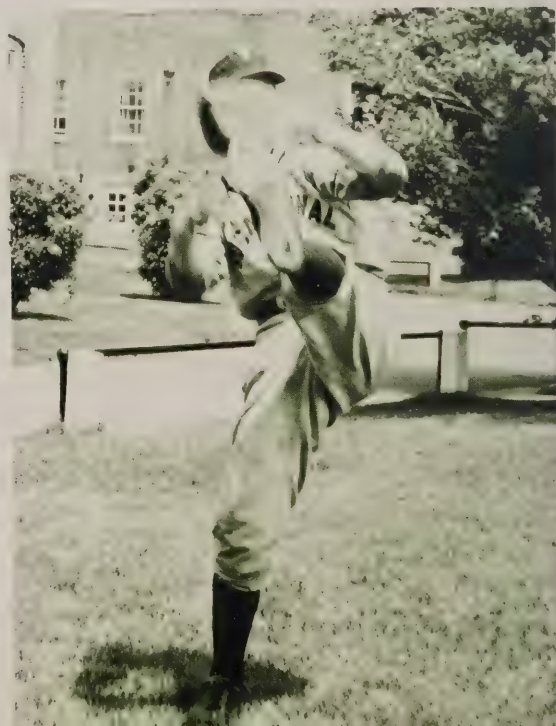

2nd row L to R: D. Griffiths, D. Phillips, G. Lemieux, J. Reis, R. Desrosiers, D. Desrosiers (Co-Capt.), M. Rioux, M. Ferreira, M. McMahon, D. Richards, E. Morris. Coaches: Mr W. B. Norton, Head, Mr. H. Cebula, Assistant.

A large squad reported for pre-season practice. Progress in these sessions indicated that the season looked promising. We gained pre-season victories over Old Rochester and Blue Hills Regional Vocational High School.

Our Bristol County record indicated that we played close to .500 ball. Outstanding victory came in our contest with N.B. High. We played errorless ball and won the game in the ninth inning with a winning single by Marc Rioux, who, incidentally, pitched superbly. We had a good hitting team with Gerry Richards and Bob Desrosiers, and excellent defense with Wayne Hathaway, Paul Bouchard, and Don Desrosiers.

Wayne Hathaway will be lost to us in 1970 through graduation, as will Michael McMahon and Don Desrosiers.

With the usual influx of new players, we should field a representative team this year.

SOCCER

1st row L to R: M. Boswell, P. Morris, D. Wales, G. Fish, J. Pires, A. Oliveira, F. Avila, R. Brocklehurst.
2nd row L to R: E. Gomes, Manager, R. Simmons, F. Eccelston, E. Simmons, M. Rioux, M. Vargas, R. Britto, E. Isaksen, P. Rioux, D. Griffiths, Manager J. Alves, Coach Mr. Walter Siwik.

The 1969 edition of Vocational High School Soccer compiled a 4-4-4 record to obtain sole possession of third place in the Southeastern Mass. Soccer League.

Jumping off to a fast 3-0 record, the squad appeared to be the only challenge to New Bedford High's supremacy, and was tied for the League lead in the early going. However, during mid-eason, a combination of losses and ties cooled the pace somewhat.

Catching fire again toward the end of the campaign, the team climaxed the year by holding previously undefeated New Bedford High to a scoreless tie in the season's finale. An inspired effort by our players, aided by grim determination, accounted for the only league blemish handed the champions, and thus enabled us to play the role of spoiler.

Of particular note regarding that game is that eight of the players are returning to do battle in 1970. A total of eighteen let-termen will return for the next campaign, thereby assuring a continuation of top-notch soccer.

Among those not returning and certain to be missed are co-captains Gary Fish, Manuel Vargas and Joseph Pires. Others are Rick Brocklehurst, Marc Rioux, Bill Borges and Al Oliveira.

Named to the All-Star Team was fullback co-captain Joseph Pires. Receiving honorable mention were Marc Rioux, Gary Fish, Rick Brocklehurst, Manuel Vargas, John Costa, Paul Morris, and Dave Donaghy.

TRACK TEAM

1st row L to R: M. Mikina Assn't Mgr., D. Dreisen, P. Tiernan, E. Isaksen, H. Isaksen.

2nd row L to R: M. Rioux, M. Viera, A. M nteiro, J. Sylvia, W. Clark, R. Britto, J. Spenser, R. Andrade, D. Jacintho.
Missing: J. Landry, Mgr., P. Rioux, D. Phillips, W. LePage, T. Johnson.

Our spring track 1969 was a big improvement. Bill Leahey was the Bristol County Champion in the 100-yard dash, tying the league record. Joe Delgado won the High Jump Championship, with Rico Ramos placing second in the High Jump. Bob Woodacre placed second in the discus at the Bristol County Meet held at Attleboro.

We took some of our boys to the State Meet at White's stadium whereas we didn't win in Class C. Woodacre, Leahey and Delgado were a credit.

Winter track 69-70 is not as large as we would like it to be, but Tiernan, Viera, Britto, Isaksen, Spencer, M. Rioux, Jacintho, and R. Andrade so far have been consistent point-getters.

We look forward to larger turnouts in the future to improve our program.

Activities of our chapter include the annual induction ceremony, regular meetings, and the selling of Fanny Farmer chocolates in order to raise money for an outing at the end of the year and to lend support to the New Bedford Vocational High School Scholarship and Welfare Fund.

Throughout the year, the group initiates several activities, such as raising money to provide for a field trip at the conclusion of the year.

One of the main purposes of the club is to help students decide in which medical fields to make their careers. Therefore, several workers from different biological and medical occupations come to the school each year to talk to members.

During the Christmas season, the club prepares a variety of gifts and refreshments to take to a nursing home for the patients. Members also provide entertainment by singing Christmas carols.

Members teach the girls the basics of cooking, and then move on to more complicated recipes. So far, the favorite dish has been pizza! Besides cooking (and eating), the girls are taught to clean up afterwards.

These girls, whose ages range from ten to fourteen, look forward to seeing their "Voke Sisters" each week. Since they are not much older than the girls at the home, they are readily confided in. They do their best to help the girls at St. Mary's solve their problems. Doing so gives them a feeling of accomplishment and an appreciation of all they are able to share.

CLASS HISTORY

We, the class of '70, entered New Bedford Vocational High School as freshmen on September 7, 1966. We felt somewhat puzzled as our instructors explained all the different equipment which we would be using and what would be expected of us during the four years ahead.

After we were fairly well acquainted with the school rules and regulations, we were welcomed to the school with a dance sponsored by the junior class. This social event proved very successful.

In May, a Troubleshooting Contest sponsored by Vocational High was held at Sargent Field. The object of the contest was to be the first to find and correct what was wrong with the faulty cars.

As the year went quickly by, we attended different activities sponsored by the upperclassmen, such as the Senior Holiday Dance and the Sweethearts Ball.

Alas, the end of our freshman year arrived, and we all anticipated a busy summer ahead.

Before we realized it, September was here again. We had climbed one step and had three more to go. We found ourselves with much more self-assurance than we had experienced the previous year. As sophomores, we were very confident, even though we weren't upperclassmen.

The year went by too rapidly as the juniors and seniors sponsored many exciting activities. These included the Welcome Freshmen Dance, a Hootenanny, the Senior Holiday Dance, and the Sweethearts Ball.

Before we knew it, June was here and we all went our separate ways again looking forward to returning in the fall as upperclassmen, the Jolly Juniors.

Fall was upon us again, and as juniors we elected our class officers. After a hectic week of campaigning, Roland Ferreira was chosen president; Yvonne Barksdale, secretary; and Bernard Flinn, treasurer. Our faculty advisors, Mrs. Glorianna Roderick and Mr. Joseph DeRoche, then informed us about the duties of the class and its officers.

First on our list of activities was a dance. This time it was our turn to welcome the new freshmen. The dance we sponsored in their behalf helped them to become acquainted with the rest of the student body. Everyone seemed to have a good time.

In February, the juniors went to the Ice Follies. The Olympic figure skating champion, Peggy Fleming, made a personal appearance, which opened our eyes wide. It was certainly a memorable trip.

A week later, we received our class rings during a truly exciting day. As a money raising project, the juniors later sponsored the Battle of the Bands.

Before we knew it, May was here, and so was our Junior Prom. The theme for this great event was "This Magic Moment." The traditional march and the crowning of the king and queen topped off this wonderful evening. Harvey Stewart and Nancy Santos were the lucky winners. The ladies in waiting were Madeleine Pepin and Carol Deschenes.

June came quickly, as did our junior outing, the last event of the year, which was held at Cathedral Camp. Baseball, football, swimming, and a barbecue filled

the day with fun and laughter.

Another year was accomplished and the wonderful one ahead reminded us that, as of September, 1970, we would be the seniors.

On September 3, 1969, we entered our last year at New Bedford Vocational High School. We all had a funny feeling inside because we realized that we were reaching the last rung of the ladder. We were at last, the "Mighty Seniors," and 1969-70 was to be our year.

The very first thing we did was to elect our class officers. After a very close vote, Richard Dunn became president; Joanne Malonson, vice president; Marjie Church, secretary; and Eric Ramos, treasurer. The officers then met with our new class advisors, Mrs. Vera Underhill and Mr. Jeff Riley, to discuss plans for the year.

In November, we sponsored the Senior Holiday Dance, the theme of which was "Let's Get Together." Entertainment was by the Eastern Sound Company. Everyone had fun.

Later in the year, the senior girls all competed in the Betty Crocker Home-maker Test. Gayle Pettey, the top scorer, won the title of "Future Homemaker of Tomorrow." The senior girls, as well as their teachers, also voted for the girl who, in their opinion, possessed the most outstanding character. The lucky winner, Christine Bourbeau, was awarded the Daughters of the American Revolution Good Conduct Award. Honor was bestowed upon Cliff Briggs, also, when he was voted by the class to represent Voke on Student Government Day in Boston.

This was, moreover, a year to be remembered for sports. Voke enjoyed three great football victories. The one game we'll remember always is the one during which we toppled Durfee High.

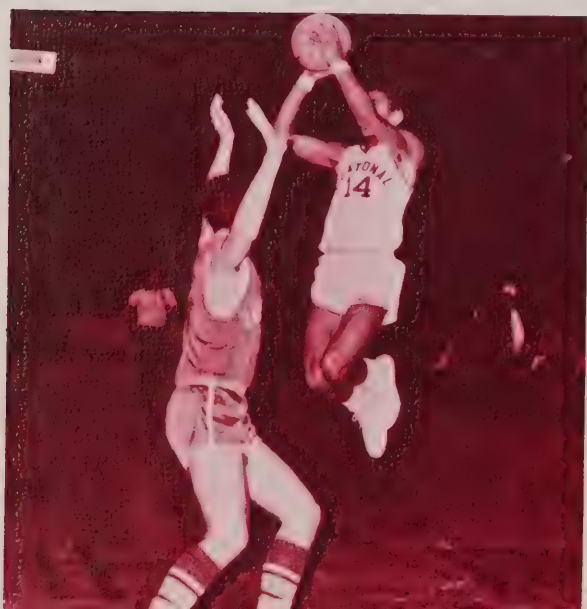

Basketball season will also long be talked about by the Class of '70. What a season it proved to be! With our co-captains, Tommy, and Mike Gomes, our team was led to a great winning season. The biggest game of the year was, again, the one during which we beat Durfee High School, since it was the first time in seven years that we had defeated this team. Before we knew it, all that could be heard was the loud scream, "Boston Garden here we come!"

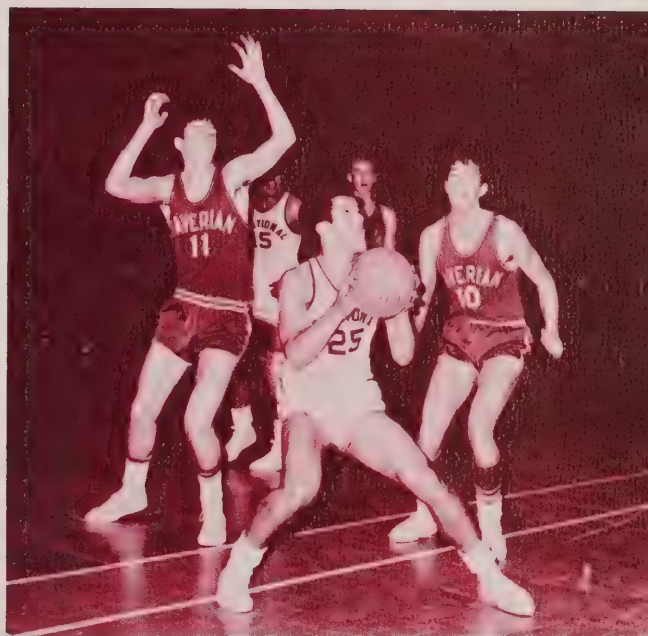

Yes, we made Boston Garden. Our first game there was against Xaverian High, and we won with a score of 75-61. Since we had experienced this first victory, we were determined to go back to play again and go all the way.

But alas, our year was again passing quickly. Before we realized it, the Senior Banquet was held at White's Restaurant. A joyful week was also spent by the girls during April as they toured New York and Washington. This was one event to which we had looked forward since our freshman year.

After another week of fun during which the Senior Prom, Senior Outing, and Class Day were held, we began at last to realize that our four happy years at Voke were coming to an end. The years which had at one time seemed so remote were now nearly over. Summer was upon us again. It made us sad to think that we would be saying good-bye to some of our friends, possibly for the last time.

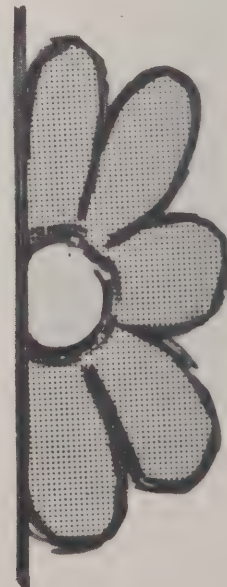

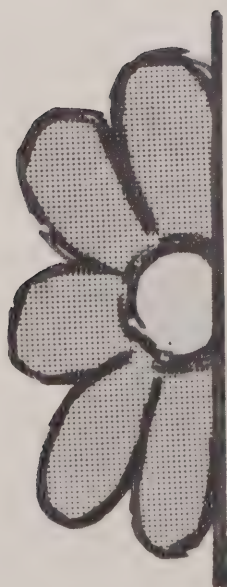

At last June 3, 1970, Graduation Day, which we had long awaited, arrived. We were sure that the memory of the last four years would always have a special place in our hearts.
